*NEW TURISMO KIT*

*FOR SUBARU IMPREZA Sti 2005-2008*

We are glad to inform you on new Turismo brake systems for Subaru Impreza Sti, model year 2005-2008.

This new kit features 2-piece direct replacement floating discs, available drilled or slotted.

Brembo Turismo brake systems achieves maximum performance and optimum brake balance when using the vehicle's original calipers.

They are designed to fit under the factory wheels and tires. Brake torque and thermal capacity are increased to shorten stopping distances and reduce brake fade.

Rotors are manufactured from high carbon cast iron and aluminum bell are machined from billet.
