NEW KARTING BRAKE SYSTEMS KF and SHIFT

Please be informed that we have homologated the new MQ brake systems for Kart categories KF (125cc one-gear, replacing the old 100cc category) and KZ (125cc with shift).

The main characteristics of these brake systems are:

- Radial calipers both on front and rear axle
- Stainless steel discs both on front and rear axle, which means more lightness and less inertia.
- Front brake with manual control. Master cylinder is CNC machined from billet.

Availability: immediate.

Gli impianti sono così composti:

KARTING BRAKE SYSTEM 125cc KF

Part Number **MQ125KF**
Homologation Number **149/FR/11**

Front	FK50003-00	2	Front calipers
	07K057	2	Set of organic pads
	08MQ002M	2	Front disc diam. 155 x 3.5
	20MQ14FHM	1	Front manual KF master cylinder
	6KRT01A3	1	Kit of front hoses Accessories
Rear	FK50001-00	1	4-piston radial rear caliper
	07K053SC	1	Set of sintered pads
	18MK200	1	Rear disc diam. 200 with flange
	20KR2220/08	1	Master cylinder diam. 22 for pedal
	6KRT02P1	1	Kit of rear hoses length 760
	0902KR02	1	Hub diam. 50mm Accessories

Note Alternative rear hoses
6KRT01P1 length 710
6KRT03P1 length 810

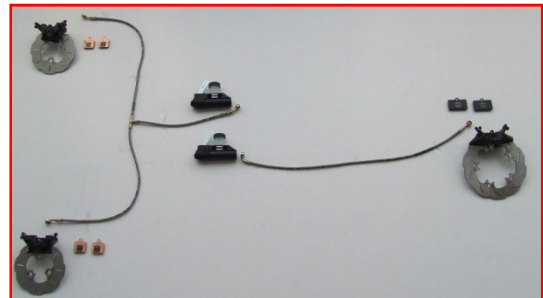

KARTING BRAKE SYSTEM 125cc SHIFT

Front FK50003-00 2 Front calipers
07K057 2 Set of organic pads
08MQ002M 2 Front disc diam. 155 x 3.5
20KR2220/08 1 Master cylinder diam. 22 for pedal
61450DZ0 1 Kit of front hoses
Accessories

Rear FK50001-00 1 4-piston radial rear caliper
07K053 1 Set of organic pads
18MK200 1 Rear disc diam. 200 with flange
20KR2220/08 1 Master cylinder diam. 22 for pedal
6KRT02P1 1 Kit of rear hoses length 760
0902KR02 1 Hub diam. 50mm
Accessories

Note Alternative rear hoses
6KRT01P1 length 710
6KRT03P1 length 810

Part Number **MQ125Shift**
Homologation Number **150/FR/14**
